SkyTrak Launch Monitor & Golf Simulator

The Golf Club Simulator Package

WHAT IS THE GOLF CLUB GAME?

The Golf Club is the next generation golf simulation. Stunning visual presentation and outstanding gameplay are to be expected but what really takes The Golf Club into the next generation is the procedural generation of courses and depth of social interaction. The Course Creator can generate a brand new course in seconds which can be shared and played immediately online with friends and other gamers across the world. There are also full editing capabilities for courses, Tournaments and Tours. Challenge your friends on a new or existing course in real time or try to beat their best recorded round. Add to this a myriad of stat tracking and personal bests of friends and rivals to beat, notifications, challenges and social media integration and you truly have a golf club worth joining.

LOCAL MULTIPLAYER

Up to four players can play locally. Choose between stroke play, match play or fourball.

CREATE YOUR OWN COURSES

Generate your own course from existing holes or create one from scratch.

UNLIMITED COURSES

You'll never get bored playing the same courses. New courses are created every day for every skill level.

ONLINE PLAY

Connect and play online with your friends and family anywhere in the world.

COURSE SHARING

Play courses created by other golfers or share your own creations.

LIVE TOURNAMENTS

Play and compete in live tournaments online from the convenience of your own home.
